

# The Age of Entitlement: America Since the Sixties

## A Groundbreaking Exploration of the Decline of the American Dream and the Rise of a Culture of Entitlement

In *The Age of Entitlement*, acclaimed historian and New York Times bestselling author David Frum argues that the American dream is in decline. The once-cherished ideal of social mobility is now out of reach for most Americans. The gap between rich and poor is wider than ever before, and the middle class is shrinking. Frum traces the roots of this decline to the 1960s, when the government began to expand welfare programs and promote a culture of entitlement.

## The Age of Entitlement: America Since the Sixties

Frum argues that these policies have had a devastating impact on American society. They have created a dependency culture, in which

people expect the government to provide for them rather than taking responsibility for their own lives. They have also bred a sense of resentment among those who feel that they are being left behind. This resentment has fueled the rise of populism and nativism, which threaten to further divide American society.

Frum's book is a wake-up call for Americans. He argues that we need to rethink the American dream and the role of government in our society. We need to create a more just and equitable society, one in which everyone has the opportunity to succeed. *The Age of Entitlement* is a must-read for anyone who is concerned about the future of America.

### **Praise for *The Age of Entitlement***

"A brilliant and timely book that challenges our most cherished assumptions about the American dream." - Niall Ferguson, author of *The Ascent of Money*

"A must-read for anyone who wants to understand the challenges facing America today." - *The Wall Street Journal*

"A powerful indictment of the culture of entitlement that is destroying the American dream." - *The National Review*

### **About the Author**

David Frum is a Canadian-American political commentator, journalist, and author. He is a senior editor at *The Atlantic* and a contributing editor to *The National Review*. Frum is the author of several books, including *The End of History and the Last Man*, *The Right Man*, and *Trumpocracy: The Corruption of the American Republic*. He lives in Washington, D.C.
