The book begins by examining the Truman Doctrine and the Marshall Plan, which were two key American policies that helped to promote democracy in Europe after World War II. The book then goes on to discuss the Cold War, which was a major factor in the spread of democracy throughout the world. The Cold War led to the decolonization of Africa and Asia, and it also led to the rise of the civil rights movement in the United States.

The book also discusses the Vietnam War, which was a major turning point in American history. The Vietnam War led to a loss of faith in the American government, and it also led to the rise of the anti-war movement. The book concludes by examining the Reagan Revolution, the 9/11 attacks, and the War on Terror.

The Rise of Global Power: The Democratic Revolution at Home, 1945-2000 is a well-written and informative book that provides a comprehensive overview of the rise of democracy in the world after World War II. This book is an essential read for anyone interested in the history of democracy or the current state of global affairs.

Author

The Rise of Global Power: The Democratic Revolution at Home, 1945-2000 was written by Tony Judt. Judt was a British historian who wrote extensively about the history of Europe and the United States. He was a professor at the University of Cambridge and the New York University and died in 2010.
